The pitching screen is optional and provided for the safety of the pitcher and is not intended to be used as an extra player or defensive aid. The pitcher is responsible for properly positioning the screen. The screen is to remain upright at all times.

A. A screen no more than 4' wide x 6 1/2' tall will directly face home plate 1' to 3' in front of the 10' x 2' pitching box. The screen must be positioned to the left of a right-handed pitcher and to the right of a left-handed pitcher with the edge post in line within the pitchers box to maximize the pitcher's safety.

B. Any pitch delivered with the screen not in a legal position will be declared "no pitch." If a pitcher refuses to place the screen in the correct position, the umpire will notify the player's manager and remove the pitcher from the pitching position.

C. The pitcher can NOT pitch over the screen and MUST retreat, fully, behind it, upon delivering the ball, stepping behind the screen after every pitch. A pitcher can only field a hard driven ball up the middle from behind the screen. (umpire's judgment) Penalty will be a dead ball single for the batter and all runners will advance one base regardless if forced or not. A Pitcher however will be allowed to field a slow rolling grounder with no penalty.(umpire's judgment)

D. Any batted ball striking any portion of the screen, observed by the umpire will be declared a dead ball foul unless it is the third strike, in which case the batter will be given one courtesy dead ball foul strike. The next time it hits the screen during that at bat the batter is out.

E. All thrown balls are in play. If a defensive player hits the screen with a thrown ball, the ball will remain live and runners may continue to advance (the pitching screen is part of the field), Exception: If the ball gets entangled in or under the screen, it is a dead ball and runners advance 1 base from the time of contact.

8.9(1) • NON-FORCE SITUATION

A base runner may be retired at the strike mat in a non-force situation. The defensive player must have possession of the ball while touching any portion of the strike mat after the runner has passed the commitment line, but does not yet have a foot down on or past the scoring line.

(Nov 16, 2023)

8.4(10)E. BALLS HIT INTO WEEDS OR TREES (PH rule 8.8(2,3))

A fair ball hit - rolling or bouncing - into the trees or weeds at the far end of the outfield touched or untouched is a ground-rule double for safety reason on both fields. It is a home run if the ball reaches the trees or weeds without hitting the ground. The player hitting a home run MUST TOUCH ALL THE BASES for the run to count. Otherwise, it is an out.

5.4. REGULATION GAME [USA 5.3] (PH rule 5.3)

Each offensive team will bat twice clearing the bases after either 3 outs or 5 runs are scored, with the exception of a catch-up inning, for a period of 8 total innings or 4 batting cycles. The 9th inning and every inning after that if necessary will be a single open inning.
